## FIRST LINK IN NEW HIGHWAY

LAWRENCE COUNTY  
ISSUES WARRANTS  
TO BUILD ROADWAY;  
\$34,000 ASSURED

COMMISSIONERS COURT AT SES-  
SION MONDAY AUTHORIZES  
CONSTRUCTION OF ROAD FROM  
MORGAN TO COLBERT LINES.

### Local Men to Finance

CORTNER AND TEN ASSOCIATES  
EACH INVEST \$1,000 IN WAR-  
RANTS. JUDGE EYSTER EX-  
PLAINS LEGAL RIGHTS.

The first link in the new  
highway from Twin Cities to the  
Nitrates Cities was practically  
assured on Monday, when the  
Lawrence county commission-  
er's court authorized the is-  
sue of warrants to the value  
of \$11,000 to be used in extend-  
ing the pike from the Morgan  
county line to the Colbert county  
line.

The issuance of the warrants  
by the Lawrence county com-  
missioner's court will in reality  
make available \$34,000 for the  
building of the highway, to be  
secured as follows:

- Lawrence county, \$11,000.
  - State aid, \$6,000.
  - Federal aid, \$17,000.
- While certain formalities  
must be observed in securing  
federal aid, there is no doubt  
but that this will be granted  
from the fund set apart by the  
United States government for  
the building of post roads. Sim-  
ilar aid was recently voted Mor-  
gan county in the building of  
the pike to Hartselle.

### Local Men Present

Judge John C. Eyster, R. G.  
Cortner, B. P. Wallace, D. S.  
Echols and other local men ap-  
peared before the Lawrence  
county commissioner's court at  
its session. Judge Eyster as-  
sured the commissioners that  
they had legal authority to is-  
sue the warrants, while Mr.  
Cortner and associates guaran-  
teed the sale of the warrants. A  
syndicate of eleven men agreed  
to each purchase \$1,000 worth  
of the paper.

It is expected that construc-  
tion of the new highway will  
begin within the next thirty  
days. While the money avail-  
able may not be sufficient to  
complete the road from the  
Morgan county to the Colbert  
county line, it is thought that  
if additional funds are needed  
they will be forthcoming.

The Lawrence county com-  
missioners also voted to bridge  
a gap of four miles in the pike  
connecting Moulton and Hills-  
boro, work to begin as soon as  
a contractor can be secured.

## FINLEY ISSUES A STATEMENT; GIVES HIS SIDE

J. G. Finley, of Decatur, who was  
called upon by a citizen's committee  
Friday evening in regard to the pur-  
chase of W. S. S. today made the  
following statement, which is self-  
explanatory:

Decatur, Ala., July 1, 1918  
Editor Albany-Decatur Daily:

It has often been said there are  
three sides to every story, the other  
fellow's side, my side and the right  
side. In your Saturday's paper was  
the other fellow's. This is mine. Fri-  
day night a committee of patriotic  
citizens called me, more than sixty  
years of age, out of bed at eleven  
o'clock, to meet them at the City Hall,  
which I did. I had offered them \$1,000  
worth of property to be taken in W.  
S. S. or what money I had to spare,  
they refused both.

Although living in this free country  
these men, without lawful authority so  
far as I know, tried to force me to  
borrow \$1,000 to help them "over the  
top." They said I had refused to sub-  
scribe to any of the various war funds.  
We have \$1,000 in Liberty Bonds, gave  
\$75 to the Red Cross and have \$620 in  
W. S. S.

I regret that we have been unable  
to dispose of our last year's crop that  
we could have given more, but there  
will be other chances to help. I have  
tried to be a law abiding citizen and  
wish to express my appreciation to all  
who have opposed the action of the  
"Citizen's Committee."

J. G. Finley.

## Dr. Beason Named Enrolling Agent

F. R. Beason the Decatur druggist,  
of 401 Bank Street, has been appoint-  
ed an enrolling agent for the U. S.  
Shipping Board, to enroll young  
Americans, from 21 to 30, for service  
in the Merchant Marine. He received  
notice of his appointment yesterday.

## AMERICANS SMASH HUN LINE NEAREST PARIS; TAKE MANY PRISONERS

HILL NO. 304 AND HEIGHTS TO THE  
WEST ARE ALSO IN ALLIED CONTROL

## AT THRESHOLD CHATEAU THIERRY

Italians Continue to Hammer Austrians in  
Mountainous Section.

American troops who are helping the French defend the  
road from the Marne to Paris have again lunged forward and  
with the assistance of the French forces brigaded with them, the  
Americans swept forward last night between Bouresches and the  
Marne river, immediately east of Chateau Thierry, gaining the  
village of Vaux, some nearby hilly ground and patches of wood-  
land.

Vaux is one of a group of hamlets lying about a mile west of  
Chateau Thierry, and its capture means that the Franco-Ameri-  
can forces are now at Chateau Thierry's very threshold. The  
attack struck the German line where it was nearest Paris, and  
the Chateau Thierry salient on the German side was crushed. The  
Americans fought with their proverbial gallantry, inflicting  
heavy losses upon the enemy and capturing many prisoners. An  
earlier dispatch filed at 6 o'clock this morning from the battle  
front said that 255 prisoners had been captured. However, it is  
not believed that all the prisoners had been counted at that time.

The advance of the Americans is but one of a series that  
have been made since they took their stand alongside the French  
veterans. There have been no big operations elsewhere on the  
western front.

The Italians are continuing their steady pressure against  
the Austrians with great success. Austrian counter attacks have  
all broken down. For the time being fighting has died down on  
the Piave sector of the Italian front.

Paris, July 2.—French and American troops advanced their  
positions in a night attack on the Marne front, capturing the vil-  
lage of Vaux, west of Chateau Thierry and nearby high ground,  
the French war office reported.

Hill No. 304 and the heights to the west of the village of  
Vaux were captured by the American forces.

(International News Service.)  
London, July 2.—The British casualties for the past week  
were 704 officers and 29,193 men of the rank, according to a  
compilation made today by the Times.

(International News Service.)  
Washington, July 2.—Marked patrol activities and the suc-  
cess of American aviators are reported in Gen. Pershing's com-  
munique made public today. The Americans continue to hold  
the upper hand in patrol activities.

(International News Service.)  
London, July 2.—It is feared that from 65 to 70 persons  
were killed by an explosion in a shell filling factory in the Mid-  
lands last night.

(International News Service.)  
Paris, July 2.—The fifth German air raid over Paris in six  
nights took place early today. It was a short one. The official  
statement said there was nothing to report as to damage and  
casualties.

(International News Service.)  
Zurich, July 2.—Germany, according to the Abend Zeitung  
of Munich, has imposed the following terms in recognizing the  
Polish kingdom: No. 1—Army must be limited to 80,000 men;  
No. 2—Preferential trade rights to Germany for 50 years.

(International News Service.)  
With the American Army at the Marne, July 2.—American  
troops in a brilliant attack last night captured another slice of  
the Paris highway west of Chateau Thierry on the Marne front.  
They took the village of Vaux and the railway station and 275  
German prisoners. Five officers were among those captured.  
The Americans also captured a number of machine guns and  
much war material.

(International News Service.)  
With the American Army at the Marne, July 1.—(5 p. m.)—  
Thirty-three Germans, including one commissioned officer, were  
captured by the Americans in a brilliant raiding incursion in a  
wooded strip of ground on the Picardy front. The Germans suf-  
fered severe casualties.

## Federal Control Of Wire Lines

(International News Service.)  
Washington, July 2.—Congress was told today by three cab-  
inet members that it was a "military necessity" that President  
Wilson be empowered to take over the telegraph and telephone  
systems of the country at his discretion. These officials were  
Secretaries Daniels and Baker and Postmaster General Burleson.

(International News Service.)  
Washington, July 2.—President Wil-  
son will take over all telephone and  
telegraph lines as soon as the author-  
ity to do so is conferred upon him by  
congress, it was learned on high au-  
thority today. The president plans  
to name Postmaster General Burleson  
to administer the communication sys-  
tem in connection with the post office  
department. Administration officials  
all of whom are solidly behind the  
Aswell resolution, believe private  
operation of telephone and telegraph  
lines will have ended for all time in  
this country when the lines are taken  
over, even though congress decides to  
limit the duration of federal control.  
It was made plain that the President  
will oppose a recess of congress until  
the Aswell amendment has been pass-  
ed.

cession, which is to have in line 500  
machines.

Other vehicles and horsemen.

Plans for the pageant in charge  
of Mrs. W. E. Todd, director, a  
chief feature of the celebration,  
will be announced later.

Further plans for the patriotic cele-  
bration, made at a meeting of the  
Council of Defense Committee held  
last night, were: Special attention to  
the suggestions and wishes of those  
of foreign extraction that the whole  
parade go on wheels or horseback, as  
the line of march was considered too  
long for pedestrians, considering the  
heated season of the year.

Ample automobile seating is prom-  
ised for all by Messrs Malone and Har-  
ris who have agreed to get 500 autos.  
It was urged that all who have autos  
shall as a patriotic duty donate their  
use for the day through this commit-  
tee, and be on time with them, strict-  
ly at 10 o'clock. The machines are to  
be draped with nothing save bunting  
and the use of flags of the nations now  
at war with the central powers.

As for cold drinks and light refresh-  
ments, Mr. Buchheit said for his com-  
mittee that ample arrangements were  
made.

### A Basket Picnic Ordered

Owing to the impossibility of get-  
ting large quantities of food cooked in  
bulk it was directed that all citizens  
who could should bring a basket din-  
ner with enough to spare for visitors,  
so that all may go to the parade  
grounds with the parade in the morn-  
ing, prepared to stay all day. Foster  
H. Pointer and Chas. Rountree, of the  
ground committee, were directed to  
remain at the celebration grove all  
day, with power to appoint deputies  
to help them in any needed service.  
Mr. Pointer reported that W. S. Reeves  
and Chas. Rountree had agreed to lend  
enough lumber for the day to build  
the 40x40 platform, and benches are to  
be requisitioned from the Y. M. C. A.  
grounds and other places. Hal Mallon  
agreed to put up temporary water  
pipes to be used by all for the day.  
Chas. Malone and others donated  
teams to haul the lumber and benches.

## BUMPER COTTON CROP IS IN SIGHT

(International News Service)

Washington, July 2.—A bumper cotton crop for 1918 is forecasted by the department of agriculture from reports received by its agents today. An increase of over 2,000,000 acres in the land under cultivation is noted from last year. The forecasted yield for this year is 15,325,000 bales. The condition of the crop is 85.8 per cent, the average condition of the past 10 years being 79.8 per cent. Longer hours and the abolishment of holidays resulted in greatly extended acreage, even though there was an acute shortage of labor.

## 28 Morgan County Teachers Attending Florence Normal

### ONLY EIGHT MALES ARE STUDENTS AT "NO MAN'S" SCHOOL

Prof. J. C. Tidwell, county superintendent of public instruction, has just returned from Florence, where he went for the purpose of securing additional teachers for the public schools. While there he made a count of noses and found that Morgan county had 28 teachers enrolled at the Normal for the summer term. With the exception of Prof. Crowell, instructor, the teachers are all "fair" and none are "forty." There are in fact but eight men enrolled at the Normal, although the total enrollment is more than 200, Prof. Tidwell stated. The male teachers are practically all in the military service.

"Morgan county had the best looking set of teachers at the Normal, and the county may well be proud of them," was the statement of the county superintendent, whose eyesight is admittedly of the best.

The list of teachers follows:  
Kirk Baker, Anna Bailey, Elva Brindley, Kathleen Brock, Fannie Lou Crawford, Flora Gardner, Zulee Gibson, Wanda Harris, Gladys Kerr, Rhea Lide, Louise Lile, Kate Lile, Eleanor McGregor, Willie O'Neal, Jamie Peck, Elsie Phinizy, Mary Grace Saunders, Vivian Tilman, Florence Tilman, Edna Thompson, Eveye Winn, Rosa Belle Young, Lyla Yarbrough, Elizabeth Merriweather, Josephine Sewell, Prof. J. M. Crowell, teacher in Normal.

### SLEEPS ANY OLD WAY NOW

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about May's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## COMPANY E, LOCAL UNIT ABROAD, SO FAR UNSCATHED BY HUN BULLETS

CAPT. EVERETT JACKSON WRITES THAT ORGANIZATION HAS LOST BUT ONE MAN—BRYAN DUTTON—WHO HAD PNEUMONIA.

Company E, the local unit of the 167th (Fourth Alabama) Regiment now in service in France has gone through the war mill so far without a scratch. This statement is made in a letter from Capt. Everett Jackson to Mrs. Raymond Brown, wife of Lieut. Brown, who was chosen to lead the company in the days of the Mexican campaign. The roster of the company is the same as the day it sailed, except for the death of Bryan Dutton from pneumonia.

In his letter, Capt. Jackson sends the message to the mothers of the boys that they are being well cared for. He also expresses appreciation of the tobacco sent overseas to the home boys through the fund that is being raised under the direction of Mrs. William P. Screws, wife of the commanding officer.

The letter follows:  
With the Colors, May 31st. 1918.  
Mrs. Raymond R. Brown,  
Decatur, Alabama, U. S. A.

My Dear Mrs. Brown:  
After several unsuccessful attempts I have at last, or rather taken from my many duties, time to write you and tell you of the doings and happenings of dear old Company E. I know that you will be especially interested in what the old company is doing, for you have always been one of the dearest, best most untiring workers in the interest of the boys of the company, and not only have the boys always appreciated what you have done for them, but the officers also, and especially me.

Well, we have been over here now long enough for the boys to sport service chevrons on their sleeves and they are now seasoned veterans of the great war. We left the States with a full complement of men and to date we have had only one death in our company and this was not due to the enemy but to pneumonia, a which Private (Bryan Dutton) died shortly after our arrival over here. I think that this is a very fine record and we are proud of it. The men all seem to grasp the seriousness of the situation and they go to it like men. We have been to the trenches four times since we've been over here and while there is an element of luck in war still our boys are well disciplined and trained and they don't take any unnecessary chances; in fact we would not allow them to for it is due to carelessness that lots of men get hurt.

I wish you would tell the mothers of the boys whom you know, that the officers of E. Company try to take the same care of their boys they would of their own brothers, and also tell them for me that lots of them have to peel potatoes, cut wood, carry water and various other things, (which, by the way will come in useful when they get back home) simply because they don't write home. It keeps me busy making them write to their homefolks and I never get a letter from my mother that she doesn't remind me to make my men write to their loved ones back at home.

It also helps the men lots to hear from home too, and when they realize that you dear people back there are doing all in your power to help them it gives them lots of courage. They are all very proud of the tobacco fund of the 167th and they like to smoke the good cigarettes and cigars that you all are sending over and tell their friends from other regiments that they have hundreds of pretty women in Alabama who are working for the fund back there and that as soon as they smoke up the smokes which they have on hand that there will be another shipment on the road. I personally think that the ladies who have undertaken this important work are doing a great thing towards helping make the boys happy and I hope you will continue to get the support of the people who have been so generous to the fund.

How are those bad boys of yours, and are they raising a war garden with their donkey? If not they should be, as their daddy eats more than our ration cart can haul. I wish you could see him, he is as fat as a pig and he complains all the time about having to buy new clothes. However I don't think it is because he has gotten too large for his old ones, but as I tell him, it is because there are so many good looking blonde Mademoiselles hanging around, and you know I always accused him of having a strong liking for blondes. It is a race with he and Col. Screws as to which one can talk the most French and I don't think that either of them can say more than two words in French, and they are "wee wee."

Well as I stated before, my time is very limited so will have to wait until I see you before I can tell you more about him, but rest assured that I'll bring him back safe and sassy. Thank all the dear people who have been so generous in helping the Tobacco Fund and love to you and the kids, from

Your friend,  
Everett Jackson.

MASS TO BE OFFERED AT 8 A. M. FOLLOWED BY DEDICATION OF SERVICE FLAG

Thursday, July 4, the one hundred and forty second anniversary of our independence will be celebrated by the pastor and people of Saint Anne's Church with appropriate services.

Father Sheridan will offer, at 8:00 o'clock, a. m., the Holy Sacrifice of the Mass to Almighty God in thanksgiving for the inestimable boon of liberty with which He has deigned to bless our beloved country for those seven score and two years, and, in all haste to grant victory to our arms militarily, to ask Him that He may be for a perpetuation of that liberty.

It is the earnest wish of the pastor that every member of the congregation be present and join with him in offering to Almighty God this Holy Sacrifice, which is a perpetuation of that Supreme Sacrifice which Christ offered up on Mount Calvary that we might enjoy the blessings of spiritual freedom. In a spirit of Christian fraternity both the pastor and the congregation of St. Anne's extend a most cordial invitation to all those not of the Catholic faith that they may come and join them in offering to Almighty God this sacrifice in acknowledgment of our common indebtedness to Him.

Father Sheridan said today: "After the Mass a service flag, containing seventeen stars, St. Anne's quota in the cause of freedom, will be blessed and erected in the Church. This is important, as the flag of the nation and the service flag are the only two things, not directly connected with religious worship, assigned a conspicuous place in the church."

"After the services all are most earnestly exhorted to take part in the Liberty Parade, and those of the congregation who have automobiles should consider it their patriotic duty to offer themselves and their services to Mr. Payne and those whom he has appointed to preside over the ceremonies. You are requested not to wait until you are asked. Look up the committees rather than have the committees look you up. It will facilitate their work."

"If there were one time more than in the history of the country when unity and harmony should prevail among the American people, it is now; for never before, not even in civil wars, did these United States face a more crucial period than the present. A this day then, which the President asks all to make the greatest in the history of the country, it is our patriotic duty to be present and thereby show to the world that we are heart and soul back of the President, that we will support the government, not only with all that we possess but with life and limb if necessary, and above all, that we are not tainted with the propaganda of the enemy."

"But let us not forget that victory cannot come no matter what may be our resources either in men or money. We fail to put our trust in armaments. It is not might but justice that actually wins and as our cause is just there is no doubt of the outcome, but to show our dependence on Almighty God the pastor and congregation of St. Anne's deem it becoming to join in the celebration with an act of devotion for favors already received and supplication for the future."

## HANDLING HOGS FOR SHIPMENT

L. T. Wells, Assistant in Marketing.

Prepared by Extension Service, Auburn, Ala. In recent correspondence with packers handling southern hogs in large numbers, the question of bruised carcasses was mentioned. One of these packers stated the following: "There is one condition that we notice about southern hogs, and that is that they contain quite a large percentage of bruised carcasses, which discounts their value. We presume that these bruises are caused to some extent by rough handling, particularly at the time of loading."

In handling hogs they are often allowed to drop from the wagon or are thrown against a post or other things. Hogs in market condition, especially young animals, are very easily bruised, and often otherwise injured. In catching them to load on wagons they are often injured, especially if a dog is used. If any number are to be marketed it will pay to build a loading chute. It can be constructed with very little cost, and the hogs can be driven into the wagon body, saving both labor and injury to the animals. A fat hog should always be handled slowly, that is, he should never be forced to run. If the animals are closely crowded in a pen in warm weather they are easily overheated.

A few minutes time, and a little patience when hogs are being made ready for market, will save meat and do much toward removing the prejudice which the packer may hold against southern hogs.

**Is God Your Friend? Then Visit  
His Home. Go to Church.**

WATCH the long line of people entering church on Sunday. Isn't it a fact that they are really the worth while people in the community? If you are a business man, don't you prefer dealing with a man who is a **CONSISTENT CHURCHGOER** rather than with a man who never goes to church? You wouldn't hesitate to **INVITE ANY AND ALL OF THESE PEOPLE** entering church to your home.

A MAN WHO GOES TO CHURCH CAN NOT GO WRONG VERY LONG. A COMMON EXPRESSION IS THAT SOME PEOPLE GO TO CHURCH TO KEEP UP APPEARANCES. THAT MAY BE TRUE. BUT THE FACT THAT A MAN WANTS THE COMMUNITY IN WHICH HE LIVES TO THINK THAT HE IS GOOD AND GOD FEARING SHOWS THAT HE WANTS TO BE GOOD. HE WANTS TO ENJOY THE RESPECT OF HIS FELLOWS, WHILE THERE MAY BE SOME HYPOCRITES IN THE CHURCH, IT IS NO EXAGGERATION TO STATE THAT THE GREAT MAJORITY OF CHURCHGOERS ARE HONEST, UPRIGHT CITIZENS.

There is something basically wrong with a man who, while professing a belief in a Supreme Being, fails to take the opportunity the church affords to **WORSHIP THAT SUPREME BEING**. If you have a dear friend and you pass his house every day without dropping in to see him, you would not blame that man for **DOUBTING THE SINCERITY** of your friendship.

Do you wish God to **DOUBT YOUR FRIENDSHIP**? Do you want to **LOSE HIM AS A FRIEND**. If you don't, drop into his house **AT LEAST ONCE A WEEK**.

Show that you are sincere in your belief in God by **GOING TO CHURCH** next Sunday.

**THEN GO TO CHURCH EVERY SUNDAY.**

## Says Take Liver Medicine For Sick Headache

It may seem a far cry from sick headache to sick liver, but we have the word of an eminent specialist for this. He says, also, that the use of headache remedies containing acetanilide or anti-pyrene is sometimes attended with great danger by reason of the depressing effect of these drugs upon the heart.

According to his theory, sick headache, aching limbs and that dull, sluggish, half-sick feeling are really a symptom of liver trouble and resultant constipation. Haven't you noticed that you suffer most this way when you are bilious or constipated?

A safe and sane remedy for sick headache and other symptoms of constipation and liver sluggishness is "333" Liver Tonic, a deliciously flavored preparation of the pure, laxative extracts of fruits, herbs and plants combined with Pepsin. It gives the entire digestive system a thorough and gentle cleansing, sweeping out the poisons and impurities which so often cause pain and suffering.

333 Liver Tonic is much different from other liver medicines in that it has such splendid tonic effect upon the liver, stomach and bowels. Its use may be discontinued at any time without bad effect.

You will do well to keep a bottle of this medicine handy at all times. Its timely use will prevent much sickness, suffering and expense. Genuine 333 Liver Tonic can be bought in big fifty-cent packages at Dillehay Brothers and other good drug stores. Do not be satisfied with a substitute. If your druggist hasn't genuine 333 Liver Tonic in stock, he can get it for you quickly.

## FOOD FACTS

### News of The Week

#### FROM STATE FOOD ADMINISTRATION

Montgomery.—The people may well be proud of the record they have made in saving wheat. The Food Administration feels that it can now feel secure that the armies will be fed until the new crop. All that is necessary is for everybody to continue to use only six pounds of flour per person per month until September.

But the splendid reports of the new crops must not lead us into the idea that after September we can afford to abandon all wheat conservation rules. The narrow shave we had this year should certainly turn our minds to the necessity of building up a comfortable surplus out of the coming crop. There can be no doubt that Mr. Hoover is going to request a continuation of conservation, but not on as large a scale as we have had. We shall still have some wheatless meals and perhaps wheatless days. The Federal Food Administrator for Alabama feels assured that Alabamians will readily agree to such a wise program and cheerfully follow Mr. Hoover's rules so that we may lay up a good surplus for any emergency the war may bring.

#### NEW SUGAR RULES.

Under the new rules all sugar sold in the state will be under the certificate plan. Every retail dealer, wholesaler and manufacturer will have his supply allotted by the Sugar Division. They should write at once for blank statements which they will have to fill out and return before certificates will be issued to them. County Food Administrators will not accept statements or issue certificates. This work will all be done by the Sugar Division, U. S. Food Administration, Bell Building, Montgomery, Ala., and full instructions will be given all who will write there for information.

#### ON NATIONAL FAITH.

"Going over the Top." That expression has been on the lips of above fifty millions since the days before the victory of the Marne. The valorous English soldiers gave voice to it. It was born of intensity of purpose to dash and to do. It is not all sentiment. Indeed a very large part of it is faith, faith in the cause. It is fundamentally biblical. The idea is emphatically brought forward in that Psalm of faith born of the Spirit by David and called the 18th in the King James version and the 17th in a modern translation by Kenrick. Read this from King James (29th verse): For by Thee I have run through a troop; and by my God I have leaped over a wall. And this from the Kenrick rendering (29th verse, 2nd line): And through my God I shall go over a wall. Open your Bible now. Read all of that portion of this Psalm of faith from the 29th to the 39th verse inclusive in the King James version and

that in the Kenrick translation beginning with the 29th and ending with the last part of the 40th verse. We are the spiritual children of the prophets and our God is by no means the God of Prussian conception. Because their God is not our God we must hold fast the national faith we have impressed on our coin. Let not temporary success find us overjoyful, nor setbacks make us despair of the victory. The day must and shall come when the forces of freedom will run through a troop (smash the last line of the Hun) and go over a wall (clean over the top) that is the last between them and that complete victory which alone can satisfy the victory of faith. Quickened your faith dear readers, by keeping the food trucks moving. Food, indeed, will win the war.

### PHOTOPLAY THAT THRILLS "THE WHISPERING CHORUS" AT MASONIC THEATRE TODAY

Today the great Artercraft feature, "The Whispering Chorus" will be the bill at the Masonic Theatre. This is a special production by Cecil B. De Mille, one of the most famous directors known to the motion picture art and grouping within itself as it does, an unprecedented number of screen players, it is essentially a superior production of the highest class.
